**Jon Lemieux, PE | Executive Vice President**

**EMAIL** jlemieux@vertexeng.com | **PHONE** 781.952.6000

**BIOGRAPHY**

Jon Lemieux is an Executive Vice President at VERTEX. He earned a B.S. in Civil Engineering from the University of Massachusetts. Mr. Lemieux earned an M.S. in Civil Engineering/Construction Management from Worcester Polytechnic Institute.

Mr. Lemieux is a licensed Professional Engineer in Massachusetts. He is also a Certified Construction Manager (CCM) as recognized by the Construction Management Association of America. He holds OSHA 10 Hour Construction Safety and OSHA 40 Hour HAZWOPER certifications.

Mr. Lemieux is an active member of the engineering community, holding memberships with the A.S.C.E, B.S.C.E., and N.S.P.E

Mr. Lemieux is a highly respected consultant to the surety claims industry. He has a wide range of experience on projects in areas such as educational facilities, stadiums, offices, transportation, wastewater treatment, biotechnology, hotels, residential, detention facilities, and government military facilities, among others. Mr. Lemieux is an expert in all facets of the construction industry from conception through closeout.

Mr. Lemieux has also served as project director/owner’s project manager on a wide variety of projects including town halls (renovations and new construction), public safety building construction (fire and police stations), public utility company building projects, school repair and upgrade projects (e.g. window replacements, roof replacements, HVAC repairs and upgrades, and science lab upgrades) and new school construction projects. In many of these projects, Mr. Lemieux assisted the clients in all phases of the design and construction process including designer selection and procurement, project programming, schematic design, design development, construction documents, bidding, construction administration, and closeout.
