BIOGRAPHY

Mark Degenaaers is the Managing Director of the Construction Services group within The Vertex Companies, Inc. He has been with VERTEX for over eight years with a primary focus as a consultant to the surety claims industry and private/public developers.

Mr. Degenaaers brings over 25 years of project management, facility management, private/public development and construction experience to each assignment. He has successfully managed a large variety of projects ranging from various types of vertical construction to heavy highway/civil design projects. Mr. Degenaaers has served as an expert and fact witness for a variety of projects and prior to joining VERTEX, Mr. Degenaaers owned and managed his own consulting firm for nearly a decade.
