BIOGRAPHY

As Executive Vice President of General Construction, Bob Bergeson has over a decade of Construction Management experience, specifically in Tenant Improvement ("TI") and Restoration. Over his career, Mr. Bergeson has gained extensive experience in field supervision, estimating and project management, which provides him the knowledge to manage one of VERTEX's fastest growing service areas. Mr. Bergeson's work ethic and sales efforts have grown the division from a small, local group to a national team operating in several states with annual revenue exceeding \$20 million. He has successfully managed hundreds of projects, which include, office, retail, hospitality, medical, industrial, residential, etc.
