Grant Hoey | Project Manager

EMAIL ghoey@vertexeng.com | **PHONE** 303.623.9116

BIOGRAPHY

Grant Hoey has a strong background in construction management with an emphasis in construction disputes, planning, scheduling, design, change management and cost analysis. Mr. Hoey has real world experience prior to joining The Vertex Companies, Inc. working in project management for multiple contractors, including JE Dunn Construction - one of the nation's largest general contractors.

As a Construction Project Manager with Vertex, Mr. Hoey has provided clients with construction claims consulting services, Owner's representative services, surety consulting, cost estimates, and other consulting services on hundreds of projects. His responsibilities include: analysis of construction claims; analysis of construction defects and associated cost of repair; determination of parties responsible and allocation of damages; analysis of contract disputes; analysis of construction costs incurred and owed; analysis of schedule impacts on projects and associated costs incurred; and liability assessment.
